Local economic development is arguably affected by all local government activities. However, local economic development policy is usually defined more narrowly as special activities, undertaken by public or private groups, to promote economic development. The activities labeled “economic development programs” fall into two categories: 1.

Local Economic Development Policies

Since EDA’s inception 52 years ago, EDA has led the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. EDA is proud of the investments it has made in economically distressed regions, based on their locally-driven strategies and needs, and the outcomes of those investments which spurred local innovation and entrepreneurship creating and saving jobs and leveraging private investments.

A) Economic Factors in Economic Development: In a country's economic development the role of economic factors is decisive. The stock of capital and the rate of capital accumulation in most cases settle the question whether at a given point of time a country will grow or not. There are a few other economic factors which also have some bearing ...
