The Machine That Changed the World (1992) (broadcast under the alternative title "The Dream Machine" in the UK, with different narration) is a 5-episode television series on the history of electronic digital computers. It was written and directed by Nancy Linde, and produced by WGBH Television of Boston, Massachusetts, and the British Broadcasting Corporation.

The Machine That Changed the World (miniseries) - Wikipedia

What I did find is that this book is less about the machine that actually changed the world and more about proving that it did. This book is an interesting backdrop for others in this space, like „The Goal“ but on its own I found While I endorse and am curious about the Toyota production system and the lean approach, I've been a bit disappointed by this book.
